

Marganta Variation

Cross-Validation (CV)

- Please check - slide 4 - how is the CV done ; \rightarrow or \downarrow ..
- write Reference where you have obtained all formulas! ex. slide 6
- In slide 11, how is the class label computed.
If you show in your paper a simulation please
 - Do different scenarios for CV, change n, p, etc.
- In Page 12 - GridSearch CV - how does it work?
 - XGB classifier - please define in paper
- Optimal - how to choose optimals in CV
- ⑬ - What is AUC score?
- Update References / Date of links in internet
